## Unlock Success with Zimmer Austria: Precision Printing Solutions for Your Every Design Need!

"Our latest Zimmer Austria machines, with a printing width of up to 185 cm and the ability to print up to 10 tons of fabric per day, are the key to your success. Utilizing SPG Prints templates and the chemical dye dispenser from FIMAT Italy, we ensure a variety of designs and impeccable quality for your products. Whether it's pigment, reactive, discharge, dimensional effects, glitter, or burnout printing, we guarantee professional results. Entrust us with your production, and we will exceed your expectations."

## Quality and Certification

We take pride in our quality standards and adhere to international safety and environmental sustainability standards. All our products are certified according to reputable organizations such as BSCI, OEKO-TEX, WRAP, ISO, and USTERIZED, ensuring the trust and confidence of our customers.

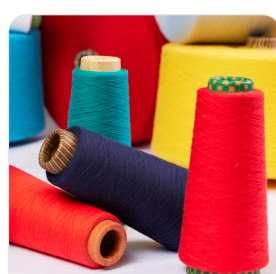

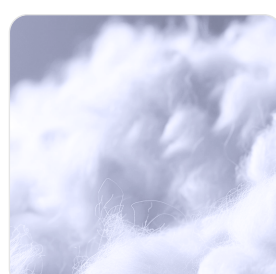

## Technologies in Production

We employ cutting-edge technologies and collaborate with leading global equipment brands such as Color Service, James Heal, Datacolor, and ATAC. This enables us to ensure high quality and precision at every stage of production.

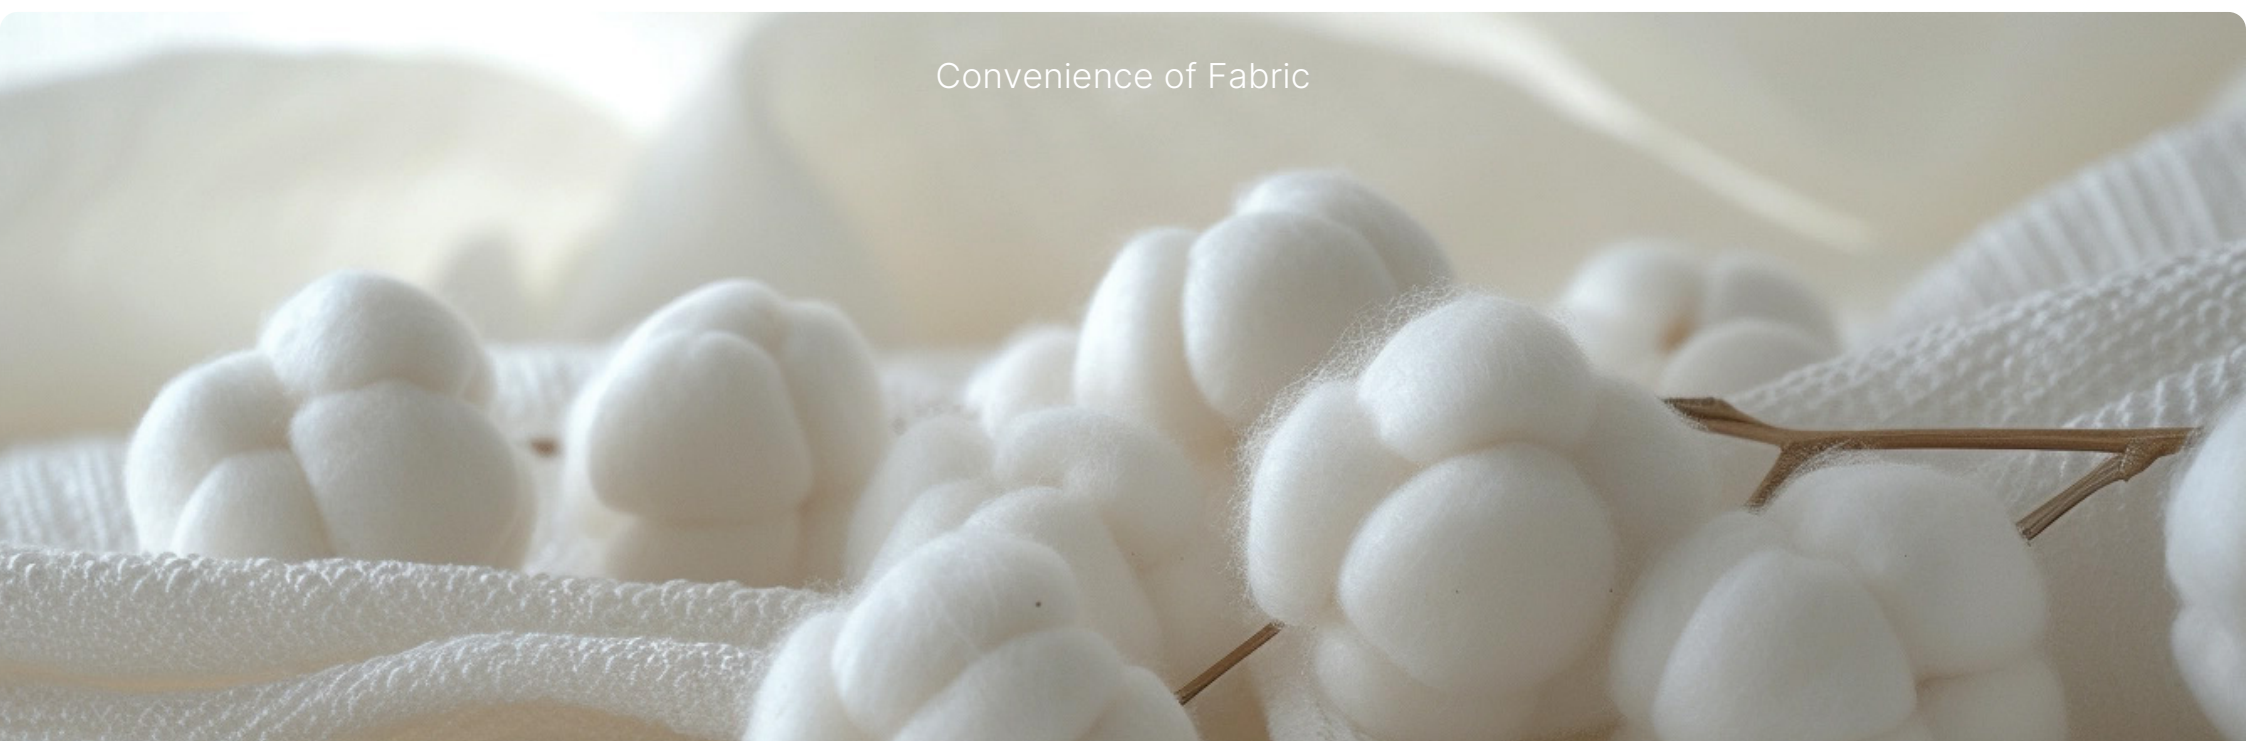

## Equipment and Processes

Our production lines are equipped with state-of-the-art machinery from renowned brands such as **Thies**, **Zimmer**, **Dilmenler**, **Biancalani**, and many others. We specialize in producing various types of fabrics, including **Jersey**, **French Terry**, **Double Knitbruckner**, **Bruckner**, **Osthoff**, and many more, offering a wide selection for our customers.
